This is the second volume of Gargatholil's 4-volume work, *Depth Astrology: An Astrological Handbook*--the first comprehensive handbook interpreting the astrological symbol set in the tradition of such pioneers as Dane Rudhyar, Liz Greene and Stephen Arroyo. In this volume, planetary placements in each of the 12 zodiacal signs are interpreted using the psycho-transformative depth astrology approach. "Planets" include the 10 traditional astrological planets, the Ascendant and Midheaven, the Moon's Nodes and the Part of Fortune. Each interpretation contains: an explanation of the essential meaning and potential manifestations of the planet in its sign placement based on the interaction between the planetary and zodiacal symbols, common meanings of the planetary placement

on a positive-to-negative continuum, the transcendent potential of the planetary placement, manifestations of the planetary placement from a place of insecurity, and the "influence" of the planet when aspecting or aspected by another planet. The handbook is searchable using the Table of Contents, with links back to the Table of Contents for ease of multiple look-ups.

Depth Astrology - Planets in Signs is a valuable tool for the novice just entering the field of depth astrology, for the astrological professional desiring a look-up of planetary interpretations that provide guidance to the unfolding potentialities of planetary placements, or for anyone seeking to use the astrological symbol-set as a tool for self-discovery and growth.

Novices are encouraged to purchase Volume 1 - Introduction. The complete 4-volume set is also available as a single e-book.
